

Application Procedure

1. Scientists from the Agreement Countries may apply for this program in any time of the year.
2. Scientists, who will visit Turkey for scientific purposes, must designate an academic institution (host Institution) and scientist(s) (host scientist) in Turkey and receive an invitation letter.
3. The Scientists should apply through Academy of Sciences in home country. The applications are forwarded to the Turkish Academy of Sciences (TUBA) by the respective home academy.
4. The applications should contain the following documents;
 - Letter by the home academy of sciences,
 - Application form (fully filled and signed),
 - Letter of invitation from each host institutions,
 - Letter of host scientist,
 - List of relevant publications.
5. The completed file goes into a process of evaluation which involves at least two expert opinions. If the evaluation result is positive, then an acceptance letter is sent to home academy.
6. The visiting scientist is expected to send TUBA the flight information. TUBA will make reservation for accommodation and help the organization of the visit.
7. The allowance for the visit will be paid after arrival.
8. The visiting scientists are responsible for obtaining the necessary visas for entry into Turkey.

In completion of the visit, the visiting scientist is to write a report on his/her visits.
